Interested in having a triathlon clinic at your school?

Triathlon NSW is proud to offer personalised triathlon clinics for schools, delivered by an accredited coach. These sessions can cover the three separate disciplines, as well as transition skills, for students in Years 7-12. Clinics can be delivered before, during or after schools hours, and can be tailored to your school's individual requirements and facilities. They can be an excellent tool in preparation for schools triathlons, like the NSW All Schools Triathlon, or in the lead up to other local races.
