

2018 -19 BIKE SKILLS ENDORSEMENT INFORMATION

Bike Skills Endorsement Procedures for all Athletes Aged 12-22 years

The following information is for all athletes aged 12-22 years of age who wish to compete in national and/or state triathlon events with a draft legal cycling leg including **Australian Youth I Junior I U23 Triathlon Series (AYJU23TS)** and **Australian Schools Triathlon Festival (ASTF)**.

Triathlon Australia Membership Types

For the 2018-2019 membership season Triathlon Australia has the following Triathlon Australia membership category types, please note the age for 13-23 years as at **31 December 2019**:

- **ITU YOUTH (13-16yrs)** – Athletes with this membership are eligible to compete in Draft Legal Triathlon events. Athletes with this membership type are born in the years 2003, 2004, 2005 or 2006
- **ITU JUNIOR (17-19yrs)** – Athletes with this membership are eligible to compete in Draft Legal Triathlon events. Athletes with this membership type are born in the years 2000, 2001 or 2002
- **ITU JUNIOR (20-23yrs)** – Athletes with this membership are eligible to compete in Draft Legal Triathlon events with **NO** Prize money and in the U23 category **ONLY**. Athletes with this membership type are born in the years 2000, 2001 or 2002
- **PROFESSIONAL DEVELOPMENT U23 (17-23yrs)** – Athletes with this membership are eligible to compete in ITU races up to Continental Cups & Continental Championships level as well as any other Triathlon, Duathlon, Aquathlon, Cross Triathlon or multisport event with prize money (male & female combined) up to but no greater than AUD \$10,000. This membership also gives athletes access to the TA travel Insurance Policy when competing/traveling overseas (provided the events sit within those referenced). in Draft Legal Triathlon events. Athletes with this membership type are born in the years 1996, 1997, 1998 or 1999, 2000, 2001 or 2002.
([Application Only](#))
- **PROFESSIONAL (17 +)** – Athletes with this membership are eligible to compete in Triathlon, Duathlon, Aquathlon, Cross Triathlon or Multisport events with overall prize money (male & female combined) in excess of AUD \$10,000. This membership also gives athletes access to the TA travel Insurance Policy when competing/traveling overseas. Athletes with this membership are born in 2002 or earlier. ([Application Only](#))
- **JUNIOR (12-19yrs)** – Athletes with this membership participate in non-drafting Triathlon events only
- **ADULT (20yrs plus)** – Athletes with this membership typically participate in non-drafting Triathlon events only. However athletes with this membership can compete in Age Group Draft Legal Waves i.e. at Age Group World Qualifying races and Age Group World Championships.

Triathlon Australia ITU Youth, ITU Junior, ITU U23 and Professional Memberships

ITU Youth, ITU Junior, ITU U23, Pro Dev U23 & Professional Triathlon Australia memberships are for all athletes wishing to race draft legal triathlon and can compete in the following;

- Any other YOUTH, JUNIOR or U23/Elite draft legal triathlons sanctioned by respective state triathlon associations or Triathlon Australia (i.e. AYJU23TS)
- Any other non-drafting triathlons sanctioned by respective state triathlon associations

Athletes must only take out these draft legal memberships listed above if a draft legal endorsement has been successfully completed. If an endorsement has not been completed, then the athlete is to take out either the relevant non-drafting membership type (Junior or Adult) depending on their age.

Draft Legal Endorsement Procedure

The Draft legal endorsement can either be **Automatic** or **Demonstrated**.

Automatic Endorsement

Any athlete who has previously held an ITU Youth, ITU Junior, ITU U23 & Pro Dev U23/Professional Triathlon Australia membership **AND/OR** raced in the AYJU23TS will be automatically endorsed for 2018-2019 season.

Procedure:

- The athlete should take out a draft legal membership type relevant to their age year on year.
- Athletes that have previously held an ITU Youth, ITU Junior, ITU and Pro Dev U23/Pro membership are **NOT** required to complete the online endorsement register every year.

Demonstrated Endorsement

Any athlete who has **NOT** previously held an ITU Youth, ITU Junior, ITU U23 or Pro Dev U23/Pro membership, **AND/OR** has **NOT** raced in a draft legal event are required to have their bike handling skills and knowledge endorsed as “competent” to hold an ITU Youth, ITU Junior, ITU U23 or Pro Dev U23/Pro membership.

Procedure:

- Contact your club/coach to let them know you are interested in undertaking a draft legal endorsement to start your training for it. See assessment below.
- Contact an endorsement assessment, they can be conducted by either:
 - A currently accredited Performance Triathlon Coach or higher; or
 - An approved bike skills assessor in your respective state triathlon association
- Undertake the draft legal endorsement with the assessor
- Once completed successfully either the assessor or parent/guardian must add the details of the endorsement to the register: [Triathlon Australia DLE Register](#)
- Triathlon Australia will authorise the endorsement and transfer the athletes membership from a Junior or Adult Triathlon Australia membership to a ITU Youth, ITU Junior, ITU U23 or Pro Dev U23 ([upon further application](#)) membership
- Parents and/or athlete will be notified once this is complete.

Athletes that have competed in road/criterium cycling races and do not hold a current ITU Youth, ITU Junior, ITU U23 or Pro Dev U23/Pro licence must still complete the demonstrated endorsement process below.

Contacts

NSW - mick.delamotte@nsw.com.au

NT - ntjuniordevelopment@gmail.com

QLD - development@qld.com.au

SA - garth.tierney@gmail.com

VIC - info@vic.com.au

TAS - admin@tas.com.au

WA - programs@wa.com.au

DRAFT LEGAL TRIATHLON

Bike Skill Requirements Guide

As a guide for aspiring DRAFT LEGAL ITU Youth, ITU Junior and ITU U23 athletes and their coaches, athletes must be able to demonstrate competency and an understanding of the following bike skills as a minimum skill requirement to hold an ITU Youth, ITU Junior or ITU U23 membership:

- Be predictable with all actions - maintain a steady straight line and avoid braking or changing direction suddenly. Remember that there are riders following closely from behind.
- Not overlap wheels. A slight direction change or gust of wind could easily cause athletes to touch wheels and fall.
- Underlapping wheels through corners and the potential dangers.
- Hand position in a bunch, sitting on a wheel whilst having hands on "Brake Hoods" reduces reaction time and is not advised.
- Cornering lines, judging whether athlete can pedal around the whole corner or whether it is necessary to lift inside pedal up, cease pedalling and judging when pedal cycles can recommence.
- Reading the bunches reaction to the terrain, understanding when "concertina" and "whiplash" effects occur in the bunch.
- Paceline strategies, ability to peel off and retreat on correct side according to conditions.
- "Swapping Turns" or "Rolling Through", understand the role of pace and retreat lines and anticipating reactions needed by athlete.
- Point out and call out any road hazards ahead. These include potholes, drain grates, stray animals, opening car doors, sticks or stones, parked cars, etc.
- When climbing hills, avoid following a wheel too closely. Many riders often lose their momentum when rising out of the saddle on a hill, which can cause a sudden deceleration. This can often catch a rider who is following too closely, resulting in a fall from a wheel touch.
- Not panic if you brush shoulders, hands or bars with another rider. Try to stay relaxed in your upper body to absorb any bumps. This is a part of racing in close bunches and is quite safe provided riders do not panic, brake or change direction.

For further information about the draft legal endorsement process please contact your respective state junior development/talent pathway coach or manager.
