

## Nomination Form for Elected Director Positions 2018-19

1. I (full name of nominator) **JEREMY LEACH**  
being a current (2018/19) financial member of Triathlon SA, hereby nominate:  
(full name of nominee) **ANNUNZIATA THOMPSON**  
for an elected Director position on the Board of Triathlon SA

Please detail your suitability for an Elected Director Position, referencing the “board director requirements” document. Please note this will be listed as a biography on each nominee and made available to all members of Triathlon SA for the purpose of voting at our 2018 Annual General Meeting.

*The opportunity to sit on the board of Triathlon South Australia is a chance to help drive the direction of the sport and community into the future in a way that will see the solid foundation it has build continue to develop and the people, clubs and state as a whole be the benchmark for the triathlon and multi-sport community in Australia.*

*My background is in sport and recreation management and for the last 11 years I was a part of the management team for the Tour Down Under – the International Cycling event held in Adelaide. In this role I have developed and implemented engagement strategies, strategic and marketing plans, led teams and managed budgets. I have worked with local communities, State Government departments and international sporting representatives.*

*Currently as the Community Recreation and Sports Coordinator for a local council I work with over 50 clubs to help them develop and grow through the implementation of good governance practices, better engagement with their members and stakeholders and opportunities for growth. These are the clubs developing future athletes and providing opportunity for the community to be active.*

*I have participated in short and long course triathlons in the past and certainly see myself taking part again in the future. However while there is immense personal satisfaction taken from participating, the culture and atmosphere around a triathlon or multi-sport event offers the perfect environment for enjoying the sport and community from the sidelines.*
