

# GoMembership Guide to Renewing: Coaches and Technical Officials

When purchasing a Coaching or Technical Official membership, complete the steps below to become a TA member, and purchase your membership add-on.

## LOGIN TO GOMEMBERSHIP

Please login to the membership portal via the link below. If it's your first time logging in, enter in your TA number or email address (linked to your previous membership) in the username field and select '**Forgot password**' in order to create a new password.

<https://triathlonaustralia.justgo.com/>

Read through and agree to the Triathlon Australia waivers that will appear the first time you log in.

## ADDING CREDENTIALS

You'll need to add your credentials to your profile in order to purchase a Coaching or Technical Official package. If you are a Development Coach or above, you'll need to upload your First Aid Certificate, CPR Certificate, and your Working with Children (or equivalent) Certificate/Card.

If you are a Technical Official or Foundation Coach, you'll need to upload your Working with Children (or equivalent) Certificate/Card.

To add your credentials, select **Profile** and then select the **Credentials** tab.

From there, click on **Add Credentials** and select the credentials you need to upload from the list that will appear. You'll need to enter an expiry date, the certificate/card number, and upload a photo of the certificate/card or supply a PDF version.

You may be required to wait 24hrs for the credentials to be processed before the Coaching and Technical Official package becomes visible in your profile. Notifying your STTA branch that you have completed the upload can reduce this wait time.
