71	Pumicestone Tri Sports Club	3	8	0.375

## Sheet Information

As per the club championship rules, Aggregate runs similar to Big/Medium/Small Championships but with a small difference. All eligible members must be a participatory member of Triathlon Australia. Both points and club size calculations are adjusted to filter out the non-participatory members.

### How to use:

The points section (column C) will filter through points based on the calculation total on the Point Summary tab. The Point Summary tab data is referenced from the Aggregate fields, as well as the points and participation calculations that are shared with B/M/S, while volunteers and Technical Officials are filtered out based on their membership status. All Volunteers and Technical Officials who are non-participatory members are filtered out.

Users will only need to do two things on this sheet to calculate the aggregate winner, 1) check that Club Size (column D) is correct (refer to Clubs Officer) and 2) sort the clubs based on Rank (column A) to put them in order. **DOUBLE CHECK ALL POINT TOTALS BEFORE PRINTING**
