NIRVANA

EVENT TRAVEL, ACCOMMODATION & LOGISTICS

WHO IS NIRVANA?

NIRVANA began over two decades ago, providing travel and accommodation support for the Great North Run, the world's largest half marathon.

Today, we are proud to be a strategic partner and major supporter of some of the world's biggest sporting events, catering to athletes, officials, and dignitaries.

Events such as World Triathlon, IRONMAN, UTMB World Series, SuperHalves, Hyrox, Spartan and many more.

Our long-standing experience in major events, gives us the expertise to offer bespoke and packaged travel and accommodation services for large organisations, groups, and individuals participating in sporting events across the world.

ACCOMMODATION

Our in-house event team handpicks all accommodation options. Each hotel is chosen based on its proximity to the event and its amenities, including leisure and fitness facilities, flexible meal services, and secure bike storage.

We review our accommodation collection to ensure it consistently meets the high standards expected by NIRVANA and our customers.

FLIGHTS

NIRVANA's team of specialist sports travel consultants are ready to book your flights and arrange air shipment for any specialised equipment.

By working closely with events teams, our consultants synchronise your travel itinerary with the event schedule, eliminating potential stress and you spending hours on google looking for the best deal at the right time for your event.

AIRPORT MEET & GREET AND TRANSFERS

NIRVANA supported events take place in some of the world's most stunning locations, but they can be challenging to access.

We understand that getting from the airport to the event site, especially with equipment, can be a difficult task to organise.

That's why we offer an express transfer service from the airport to your accommodation, managed by our meet & greet team.

For events spanning larger areas, NIRVANA shuttle services connect specific hotels with key parts of the course, such as the start/finish line, ensuring smooth, stress free, transportation throughout your stay.

SUPPORT SERVICES

As experts in sports travel, we provide exclusive support services to help you finalise preparations for your event. These include:

- On-site Bike Mechanic Service
- Bike Assembly and Disassembly
- Guided Familiarisation Tours of the Course
- On-site NIRVANA Event Team

NIRVANA RACE HUB

During the event, our NIRVANA Project Manager and event team will operate from the NIRVANA race hub.

This hub coordinates all accommodation, transport, and services and organises exclusive activities for NIRVANA guests, such as product launches, press events, brand collaborations, product sampling, and athlete Q&A sessions.

More information on activities will be posted as we build the schedule.
