

TERMS OF ONE DAY LICENCE (ODL)

One Day Licence (ODL) is a means by which participants who are not AusTriathlon [Annual Members](#), contribute to the costs of running the sport of triathlon. It also ensures they are covered by an appropriate level of [insurance](#) while they are participating at events.

The ODL that is payable on entry to events is determined by the distance and discipline of the race. Unless otherwise agreed, the ODL is to be collected as part of the event entry process by the event organiser.

Any race sanctioned by AusTriathlon is required to collect ODLs from participants. Event organisers are required to remit all ODLs within 14 days of the event taking place. The categories and related fee amounts are listed in the [Online Sanctioning Portal](#) (for reference please see below).

All AusTriathlon Sanctioned events are required to collect One Day Licence (ODL) fees from eligible participants. Event organisers must submit participant results and remit all applicable ODL fees within 14 days of the event by uploading the completed [post race participation template.xlsx](#)

One Day License fees	1st January 2024
Kids	\$0
Enticer	\$4.50
Sprint Distance	\$12.50
Standard Distance	\$22.50
Long Distance	\$30.00
Iron Distance	\$37.50
Run only / Swim only	\$1.00

Relay Team Entries

For relay team entries, a single One Day Licence (ODL) is required per team where one or more team members are not current AusTriathlon Annual Members.

Where all relay team members are current AusTriathlon Annual Members, no ODL is required.

A single ODL is sufficient for relay teams because only one team member is competing on the field of play at any given time.

All prices are in AUD and inclusive of GST. An event may have multiple races which would require the most appropriate option being selected for each race. For clarity as to which of the above fees is applicable, please refer to the following guidelines.

Classification guideline for Triathlon

The following descriptions give guidance to event organisers on how to set the level of ODL.

When referring to the guidelines, a tolerance is given for the cycle and run portion of events. One of these distances is permitted to be up to 10% above the distance stated. If a distance is more than 10% or more than one discipline is above the distance stated, then the next level of ODL is to be collected. **It is the event organiser's responsibility to ensure they collect the correct amount of ODL.** All distances are subject to verification in the Sanctioning process and by the technical delegate appointed to the event.

Kids race description:

This race is required to be non-competitive and is intended for children who are 11 years of age or younger as at 31 December of the competition season (for example, in the 2026–2027 season, age is determined as at 31 December 2026).

A race which includes older kids can also be classified as a “**Kids**” race, **providing it is untimed** and designed to introduce children to the sport. Races which are timed or placings are given are not eligible for this category. The distances of these events should be within the range as stated in the AusTriathlon Race Competition Rules ([Race Competition Rules – AusTriathlon- Appendix E](#)).

Enticer race description:

These races are designed to attract first timers and newcomers to the sport. They are to be run in a welcoming and supportive environment for people to experience the sport. The intent of these races is to create a learning environment and familiarise participants with the sport.

Triathlon distance table			
	Total swim	Total bike	Total run
