CATEGORY WINNERS

All six (6) races in the series can count towards category points (with the top 4 results counting). In the event of a tie the highest placed athlete at the TNSW Super Sprint Championships (Orange) will determine the overall winners.

OVERALL SERIES WINNERS

Youth, Junior, U23 and Para athletes best three **(3) results/scores from four (4) races** will count towards the overall series point score final total. Para Athletes are eligible for points in their respective age category eg Juniors, and are also eligible in the respective Para Classification Category for category standings.

If any event is cancelled for the series, an adjustment will be made to the above e.g. if Race 1 were cancelled from the series, points would still be awarded for athletes in the best three (3) results for category standings. For overall standings in the event of a cancelled race, the best three (2) results will still be eligible.

UNIFORM AND COMPETITION RULES

All athletes competing across the 2026–2027 Pathway Championship Series must wear a triathlon race suit that meets the World Triathlon (WT) uniform guidelines specifications and include surname placement, rear zip, and logo size(s).

The WT Uniform Guidelines can be found on the WT website [HERE](#):

If an athlete is a member of the Regional Academy of Sport, ROSTA or Development Squads, they must compete in their squad uniform to be eligible for points (unless they race in a WT Junior or Elite AusTriathlon Tri Suit provided by the HP Program).

If an athlete does not have a WT compliant race suit, they may compete in a club kit or “cleanskin” race suit with no sponsors or markings.

Race Rules

Draft legal races will be governed by the World Triathlon 2026 Competition Rules.
